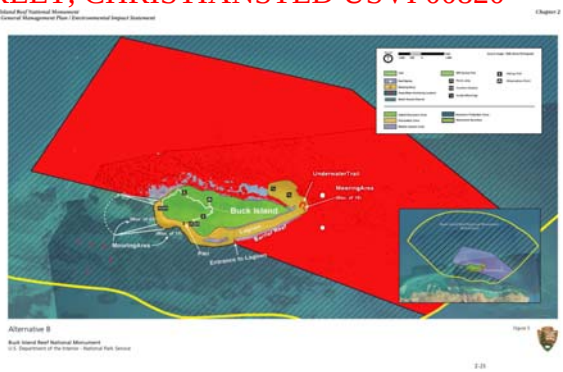
DON’T GIVE BUCK ISLAND AWAY – VOTE PLAN A TODAY!

PLEASE MAIL TO: SAVE BUCK ISLAND 2132 COMPANY STREET, CHRISTIANSTED USVI 00820



On Feb.28,2012 the local office of the US National Park Service (NPS) on St. Croix, US Virgin Islands issued their newly drafted General Management Plan (GMP) for St. Croix’s Buck Island Monument(a public recreational park for the Virgin Islanders and US tax payers of America). Buck Island serves as St. Croix’s main tourist attraction acclaimed by many as the world’s best snorkeling along with National Geographic and other published magazines that boast Buck Island has one of the most beautiful beaches in the world.

The direction the NPS is trying to steer Buck Island is to stop anchoring on the West End Beach and throughout the park. **NO ACHORING AT THE BEACH! NO BOW TO STERN TO RAFT-UPs LIMES!** They also plan on establishing a "Marine Hazard Zone" which will restrict access to over 5000 acre area consisting of some of the most beautiful deep water diving, shallow water snorkeling, lagoon and shoreline beach area discovery by small craft(kayak, dingy, paddleboard, ect.) and allows circumnavigation of Buck Island. Above and beneath the surface of the 5000 acre area are some of the most educational resources that Buck Island has to offer to future generations for their love and care! **WHAT WILL THEY TAKE AWAY NEXT?**

Please oppose the NPS from taking away Buck Island by signing this petition and visiting online at http://parkplanning.nps.gov/BUIS to comment on the plan by choosing “Alternative A” for the GMP, Alternative “A” keeps Buck Island the way it is, **FOR ALL TO ENJOY AND LOVE!**

SIGN THIS PETITION TO SUPPORT ALTERNIAVE “A” AND DON’T LET THE NPS TAKE YOUR PARK AWAY!
